SECTION 1: ACCOUNT REGISTRATION

Owner(s)/Account Title (as listed on your statement): _____

Account Number: _____

SECTION 2: COST BASIS ELECTION

The Fund is responsible for tracking and reporting to the IRS adjusted cost basis on covered shares. In general, covered shares are defined as shares acquired on or after January 1, 2012. Purchases or transfer made into your account with shares acquired prior to January 1, 2012, are referred to as noncovered shares. For all methods except Specific Identification, the fund redeems noncovered shares first until they are depleted and then applies your elected method to your remaining covered shares.

BCM Focus Funds default tax lot identification method is FIFO (first-in, first-out), which means the first shares acquired are the first shares sold. You may affirm this tax lot identification method or choose another method below. Attach a separate sheet if necessary. **Note: IRS Regulations do not permit the change of the method on a settled trade.** If you are using average cost as your method, by signing this application you agree to use the fair market value of the shares if the gift is at a loss.

- I choose the funds default method of FIFO to all funds under the above listed account number.
- I choose a tax lot identification method other than the Funds default for all funds under the above account number:
 - HIFO –Highest In, First Out
 - LIFO – Last In, First Out
 - Specific Identification
 - Average Cost

If you would like to designate a specific cost basis method per fund, please list the fund name and check appropriate box to the right:

<u>Fund Name</u>	<u>Cost Basis Method</u>	
_____	<input type="checkbox"/> HIFO –Highest In, First Out	<input type="checkbox"/> LIFO – Last In, First Out
	<input type="checkbox"/> Specific Identification	<input type="checkbox"/> Average Cost

Accounts that do not have a specified tax lot identification method will default to FIFO. If you currently have a SWP and elect Specific Identification as your tax lot identification method your SWP will default to FIFO.

If no option is selected above, your account will use the Fund's default method. If your account cost basis method is Average Cost, whether by election or default, and you are receiving a gift, you agree to receive that gift at FMV if received at a loss.
